MOORING AND DOCK LINES

Double Braided Nylon Dock Lines

Made with the finest quality yarn. Will not kink or hockle. Double braid rope stretches and absorbs shock to protect your boat, has good "hand" (feels good), and resists abrasion for durability and value. Double braid dock lines add a touch of style benefitting the finest yachts afloat. Bow and stern lines should be 1-1/2 to 2 times the beam width, spring lines should be 3/4 times the boat length.

12" spliced eye (stitched) in one end on 3/8" - 3/4" line.

Chafe-Pro® Rope Protectors

Chafe-Pro's Yacht Grade units have a single layer of heavy-grade black nylon similar to the nylon used in our Commercial Grade series. The Barracuda model was designed specifically for use on the US Coast Guard 87 foot Protector-class and the old 82 foot Point-class cutters. The Barracuda differs in design from the 98Y series by its dimensions and the materials used. This model has an outer layer of blue colored marine-grade polyester and an inner layer of our heavy-grade black nylon.

All models are downward compatible to line sizes and all dimensions are nominal. 2 per pack.

NITE IZE
INNOVATION

Nite-Ize Knotbone Adjustable Bungee

Adjustable bungee cord with carabiner clips instead of open hooks on each end, it not only attaches to anchor points but locks there. Instead of elastic that loses its stretch over time, the KnotBone Bungee has a durable, high quality cord that threads through each end. Once adjusted to right length it is secured in place with a simple wrap-and-lock motion.
