### N.A. Taylor Freedom

Allows relocation of fenders instantly by one person! Rotationally molded from heavy gauge PVC. Features a needle valve for easy inflation. The patented V shape stays on pilings no matter which way the boat moves. The recessed line holders allow them to fit standard fender racks. Hang them vertically or horizontally for the ultimate in versatility whether docking on pilings, floating docks or mooring.

Order No	Mfg No	Size	Color	List
121268	FF3212B	32" x 12"	Black	\$131.40

121368	FF4818B	48" x 18"	Black	\$476.44

### N.A. Taylor Transom Fender

Uniquely shaped to fit the stern of a sailboat or the edge of most swim platforms up to 4" thick. An integral 3/4" diameter tube allows a securing line to pass from end to end while a contoured shape helps "grip" the fendering location. Made from soft, flexible vinyl. Rubber football-style inflation valve to adjust the level of firmness to satisfy all applications. Dimensions: 10" x 22".

Order No	Mfg No	Color	List
336262	56090	White	\$153.60

### N.A. Taylor Personal Watercraft Fender

Designed to custom fit the profile of most PVC's. Bottom is shaped to "hook" under the bond flange for quick attachment. Flex areas on fender provide a "hinge" action that allows the fender to conform to the shape of the watercraft. Features an inflation valve for air pressure adjustment and includes a suction cup and securing line.

Order No	Mfg No	Color	List
336093	1069	White	\$46.33

### N.A. Taylor Low Freeboard Fenders

For low freeboard boats. Shaped to protect gunwales and rubrail, they offer superior protection compared to regular fenders against high docks. Can be tied over the cleat to position higher on boat, putting protection where it is needed. Made from specially formulated tough marine grade vinyl and features an inflation valve for air pressure adjustment. Dimensions: 5" x 14".

Order No	Mfg No	List
336085	31005	\$30.45

### N.A. Taylor Modular Flat Fenders

Made from closed cell EVA, these fenders will not puncture or absorb water. Their flat design keeps them from rolling or riding up. They can be fastened together with our hook and loop strap to create a modular system. Easy to store, these fenders can also double as a knee pad or seat cushion.

Order No	Mfg No	Size	Color	List

## Taylor Made Vertical Rail Fender Hanger

- Finally a fender hanger for vertical rails!
- Made of tough nylon.
- Attaches to rails 7/8" to 1" in diameter with 2 screws and then grips the fender rope with its heavy duty teeth making rafting and docking easier than ever.
- Accepts rope size up to 5/8"

Order No	Mfg No	List
352796	1099	\$21.85

## Taylor Made Big B Fender Hanger

- Injection molded reinforced nylon for strength
- Vented to prevent water accumulating in fender tube.
- Professional "finished" look.
- Fits 3/8" diameter rope.
- Designed for use on Taylor Made fenders with 3/4" I.D. tubing.
- May be used on other brands, but due to variation among brands the consumer must verify a tight enough fit between the tube and product for proper function.

Order No	Mfg No	List
352818	1085	\$14.05

## Taylor Made Removable Post Bumpers

- Solution for protection when docking in places where none is provided.
- Same high quality materials as Taylor Dock & Post Bumpers.
- Polyester webbing and heavy-duty buckle allows for a quick, easy and secure installation.
- 3' long.

Order No	Mfg No	List
353011	RPB3.30	\$63.23

## Kwik Tek Hull Hugr Contour Fenders

Wraps around the gunwale and hull, following the countours of the boat. Can be used as a flat fender too. Constructed of incredibly durable tri-laminate material with poly-carbonate grommets. Stows conveniently under seats or inside storage compartments.

Dimensions: 24" L x 6" W x 2-1/2" D

## Dolphin Mooring Whips

- Keeps boat from striking the dock and causing damage to the boat and the dock.
- Standard bases are fixed angle which positions the whips out over the water and applies continuous force to keep boat away from dock.
- Heavy duty bases position the poles up and out of the way of overhead gear when they are not in use. The heavy duty rocker arm bases automatically adjust to the tide changes. Includes 2 bases (Standard or Heavy Duty) two solid fiberglass poles, nylon whip lines with tension adjusters, wood dock mounting, bolt kit and installation instructions.
