#### Magma Marine Propane Kettle Grill

Newly designed, swiveling, windproof turbo venturi & control valve design. Virtually eliminates blow-outs. Places the fuel & valve where it is convenient to you. Allows safe & easy fuel changes.

- Hinged lid. Balanced lid will not slam shut.
- Reliable Piezo Igniter. Dependable push button lighting.
- Burner & hi tech radiant plate & dome heat distribution design. Less flare up, even heat distribution & longer grill life. Allows use as a grill, stove or oven. Perfect even heat as a grill or direct open flame cooking as a stove.
- "Stay Cool" handle with air cooled supports. Cast 18-9 Stainless.
- Cast 18-9 stainless L-bracket mount clamp. Indexed for positive non-slip level mounting.
- Fully double lined stainless steel inner safety shell. Cooler for safety. Guards against discoloration. Adds years of life to the grill.
- Magma's patented design utilizes convection cooking. Gives the hottest temperature with the least amount of fuel. Fast & efficient.
- Uses standard, disposable 1-lb. propane canisters or adapts to on-board LPG (propane) or CNG (natural gas) systems.
- Magma offers the largest selection of mounting options and accessories. To customize your grill to your boat.

#### Magma Marine Kettle-2 Combination Stove & Gas Grill

Virtually windproof.

A front mounted piezo igniter is now included, as well as a new patented burner and heat distribution system that reduces flare-ups. The burner also adds years of life to the grill. Double lined inner safety shells to keep the outside of the grill cooler. Magma's patented plate and dome system make it the only boat grill that is truly a grill, stove or oven -- a great advantage to boats without a galley.

New cast stainless indexing bracket and clamp provides easier, more positive level mounting. It uses standard, disposable, 1-lb. propane canisters or will easily adapt to the boat's existing on-board LPG (propane) or CNG (natural gas) system. The newly designed valve system adjusts left, right, inboard or outboard for easy heat control access and fuel-bottle change.

- Requires grill mounting hardware for complete installation.
- Mounts and fuel canisters sold separately.

#### Trident Composite Propane Tanks

Built with safety in mind, this is the only cylinder to be engineered with an internal bladder incased in fiberglass, proving to be the safest cylinder on the market. This is all finished with an ergonomic outer casing with a touch of class. This transparent composite cylinder has some amazing advantages over traditional cylinders. The gas level is visible thanks to the special see-through construction and when empty, weighs about 50% less than typical steel cylinders. The cylinders are suited to all kinds of use, from boating, camping and picnicking to barbecues and patio heaters, as well as normal domestic uses such as cookers and stoves. Easily portable and attractively designed, these are the LPG cylinders of the 21st century.
