Teak Wonder

Teak Cleaner-Brightener Combo Pak

Environmentally safe two-part cleaner. Non-caustic and will not harm marine paints, varnish or hardware. Will not raise or remove the soft grain in the wood. Works fast, efficiently and no rubber gloves are necessary.

Order No	Mfg No	Size	List
287052	60110	1 Liter + 1 Liter	\$38.75
287053	60115	2 Liter + 2 Liter	\$118.75
287055	60120	4 Liter Cleaner Only	\$60.00
287056	60125	4 Liter Brightener Only	\$60.00

Teak Wonder Dressing Sealer

Deep penetrating - silicone sealer. Contains ultraviolet sun filters and water repellents that give long life to wood and it prevents mildew. Applies easily and dries quickly to even natural appearance. Will not build up, collect dirt, turn dark or sticky like "teak oil" and is never slippery when wet. Will not crack, peel, chip or discolor like hard finishes. Does not require sanding and can restore finish without stripping for every application.

PETTIT PAINTS & PRIMERS

6627 Metal Primer

General purpose chlorinated rubber type product used as a primer on metal surfaces or as a tiecoat between different anti-fouling products. Can be used over Metal Primer 6455/044 as an excellent and easy to use system on underwater running gear. Use Epoxy Thinner 97.

Order No	Mfg No	Size	List
712638	6627Q	Quart	\$51.35

6980 Rustlock Steel Primer

Rustlock adheres to all ferrous metals including steel, cast iron, galvanized and stainless. Dries rapidly allowing for multiple coats in a day.

Order No	Mfg No	Size	List
712645	6980Q	Quart	\$57.65
712656	6980G	Gallon	\$165.80

6149 EZ-Prime

Versatile primer that easily hides imperfections for a smoother finish surface.

Easy one-part application cuts costs and labor.

High filling, fast covering formula reduces coats necessary.

For use under all Pettit, Z-Spar, Old Salem or Shipendec single and 2-part topside enamels.

Order No	Mfg No	Size	List
712912	6149Q	Quart	\$42.95
712901	6149G	Gallon	\$119.60

4700 Hi-Build Primer Kit

- High Build Epoxy Primer
- Easier application due to less coats.
- Reduces water absorption in fiberglass hulls.
- Excellent for steel, aluminum, and other metals.

Pettit Protect High Build Epoxy Primer 4700/4701 is a heavy duty, two component epoxy-polyamide coating for use all over your boat. Excellent for the prevention and repair of osmotic blister prevention and repair. Its high-solids formula allows for quicker and easier application with fewer coats necessary for effective protection. Higher-solids equals 2 coat application instead of 6 needed by competitive products. It also offers dependable corrosion protection on all underwater metals.

Order No	Mfg No	Size	List
205762	4700/4701Q	Quart Kit	\$68.15
205773	4700/4701G	Gallon Kit	\$163.70

Zinc Coat Barnacle Barrier

Zinc Coat Barnacle Barrier 1792 provides easy to use aerosol spray protection for bare metals including steel, stainless steel, cast iron, copper, bronze, galvanized steel, and lead. It forms an excellent bond to underwater metals and running gear, and inhibits corrosion on these surfaces. Zinc Coat Barnacle Barrier's smooth, hard surface will self-clean in service, and can be used above or below the waterline. The dried film of Zinc Coat contains 93% pure zinc.

Pettit EasyPoxy

Highest gloss topside enamel

Tough, weather resistant finish

Easy to apply, excellent brushability

EasyPoxy is a highly rated, one-part polyurethane topside paint improved by the addition of silicone for a brilliant shine and easy brushability. It also contains ultraviolet filters which enhance the already superior gloss retention and durability of polyurethane. This results in a topside finish that is exceptionally easy to apply and produces a lasting gelcoat-like brilliance, with a minimum of effort. EasyPoxy is available in white and twenty-five popular topside colors.

Premium SSA

- Economical ablatives.
- Single season performance.
- Performs similar to ACT.

Premium SSA is a very economical antifouling which incorporates the basic ablatives technology for a single season of use. The paint will wear away over time, eliminating sanding, however, prolonged exposure to air is not recommended. Trailing and winter dry storage are not recommended with this product. Use Thinner 120.

Order No	Mfg No	Size	Color	List

205551	1881G	Gallon	Black	\$205.25

Ultima SR-60 Ablative Antifouling

Delivers exceptional, multi-season, dual-biocide performance by combining the highest ablatives copper load (60%) with slime resistant Irgarol.

Dual biocides provide unmatched multi-season performance. Contains 54% more copper than Micron Extra at a lower cost. Same proven formula as "Ultima Pro" from our Professional Coatings line.

Its ablatives surface wears away over time, reducing build up. Note: Due to extremely high copper load, some variations in color and finish may occur.

Use 185 Thinner. Gallons.

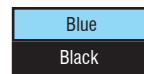

Order No	Mfg No	Color	List
205909	1032G	Blue	\$460.00
205910	1038G	Black	\$460.00

Vivid Ablative Antifouling

- Perfect bottom paint for any boat.
 - Bright colors including pure white.
 - Hard ablatives is excellent for racing, trailering, or rack stored.
- Bottom paint was dull and dirty looking until Vivid. Now you can have the brightest colors, the blackest black and the whitest white you have ever seen in bottom paint. Vivid Provides a powerful, multi-season, dual biocide antifouling. The product can be used for trailer boats and dry stored boats. Although hard, Vivid will wear away slightly over time keeping a slick surface. Use Thinner 120.

Hydrocoat

Ablative Water Based Antifouling

- Multi-season ablatives.
- Minimal odor, easy clean-up with water.
- Used on all new Sea-Ray boats.

The ideal combination of high-speed performance and durability with environmental responsiveness. This product uses water to effectively transfer the paint to your boat. The end result is multi-season protection with easy clean-up and minimal odor.

Hydrocoat is formulated with a 40% cuprous oxide and is tough enough to withstand frequent trailering, launching and beaching.

Pettit EZ Wood Sealer Clear Sealer For All Woods

EZ Wood Sealer 2018 is used to seal all types of raw wood prior to painting and varnishing. The sealer acts as a moisture barrier layer to prevent peeling and excessive absorption of vehicle from topside primers, paints, or varnishes. It uniformly seals and satisfies the absorbency of all woods including teak and mahogany. After applying EZ Wood Sealer, lightly sand to a smooth surface before topside priming, varnishing, or painting. EZ Wood Sealer can be used under all Pettit, Z* Spar, and Shipendec topside primers, varnishes and paint finishes.

730247	2018G	Gallon	\$123.78

Propspeed Running Gear Antifouling Coating System

Propspeed is a foul release coating system designed and proven to prevent marine growth from bonding to metal surfaces below the water line. The Propspeed system is made up of a two component etching primer, which bonds to the metal substrate and a clear coat, which provides an ultra-smooth outer layer. Combined they provide an integrated foul release system that stays firmly adhered to the props and running gear, dramatically reducing the ability for fouling to occur. This makes the Propspeed System one of the most effective and longest lasting propeller and running gear coating systems available on the market today.

Order No	Mfg No	Size	List
189024	RPS200	200 ml Kit	\$289.99

Propspeed Propprep

Apply liberally with a clean rag. Do not touch the metal surface with bare hands. Always apply in small areas and do not allow the solution to dry out but remove by wiping with a clean, dry rag. The surface is then ready for Prop-speed Etching Primer to be applied.
Acidic, take care when opening. Operators should always wear safety glasses, gloves and protective clothing. If splashed onto the skin, wash off with copious quantities of water.

Order No	Mfg No	Size	List
189035	784-1LTR	1 liter	\$99.99

Prop Armor Foul Release Coating

An "affordable" "foul release" coating that provides a super slick underwater coating. Protects running gear from underwater growth for better performance, fuel savings, and lower maintenance costs. Provides an affordable all natural protective coating for underwater running gear, propellers, stern drives, outboards, trim tabs, and sea strainers. The all natural formula will not damage or react with bronze, aluminum, stainless steel, or paint. Unique formula provides superior protection from the harsh underwater environment and inhibits marine growth. It is easy to apply.
PropArmor benefits include better fuel efficiency, better speeds, and good protection while boat is idle in nutrient rich waters.

TRANSDUCER PAINT • EPIFANES VARNISH • SIKKENS CETOL MARINE FINISH • MOELLER SPRAY PAINTS & PRIMER

MDR Transducer Paint

Barnacles and marine growth on a transducer is one of the major causes of poor depth sounder performance. Formulated especially to resist barnacles and marine growth in fresh or salt water, thereby improving depth sounder performance. Transducer paint is a water-based cuprous oxide, easy to use antifouling paint. The brush in the cap makes application easy on both transom and thru hull plastic or bronze transducers. No solvents to worry about. The water-based formula will not attack the transducer face like some solvent based bottom paints. Easy clean-up too! Color: black.

Zinsser (Rust-Oleum) Odorless Oil Base Stain Blocker

Zinsser Odorless Oil-Base Stain Blocker is a high-solids, low VOC specialty primer for interior use when the stain blocking performance of an oil is required, but odor is a concern. Developed specifically for "people-sensitive" areas in commercial and residential environments, the state-of-the-art sprayable formula has even less odor than most water-base primers.

Features:

- Seals stains from water, fire and smoke damage.
- Oil-base performance when odor is a concern.
- Non-yellowing, dries flat, sands easily.
- Use with all topcoats.
- VOC compliant sprayable formula.

Restoration Technology Marine Strip

- Renews vinyl cushions, bimini tops, shore line and fenders quickly and easily. Removes petrochemical scum, grease, suntan lotion and renews the surface prior to reconditioning with MarineSeal.
- Quickly removes perma-teak, varnish, paint and most other surface coatings such as urethane.
- Will never raise the grain of wood, will not affect wood glue, will not harm fiberglass, never needs to be rinsed or neutralized. Does not burn the skin. Will not eat through rubber gloves and is non-corrosive to metal. Can be used around fiberglass, polyester resins and Awl Grip safely.
- There is no toxic waste when coating is removed and dry, MarineStrip is completely gone.
- Will burn with a lazy flame and is therefore flammable. Do not expose to open flame, sparks or children.
- Good ventilation is necessary, because product will displace the air in a room.
- Read all cautions on product before using.
